Being Seduced Into Fitting In

BY JOHN TSCHOHL
Since the day you were born you have been seduced, scammed and brainwashed into fitting in, following the rules and giving a day’s work for a day’s pay. From the crib to the playground to the college campus to the job site, the educated, hardworking masses are still doing what they’re told. Are you one of them?
The Cornerstone of Success Is Comprised of Four Simple Principles:

- **Belief** — Believing in yourself is all about being sure that you are going to do what you want even if others stand against you. Remember, it’s your goal, not your brother’s, not your best friend’s, not your parent’s. Don’t waste time focusing on what others think; it’s what you believe that makes you take control and use positive thinking daily and watch yourself becoming more successful. Usually, when you decide to take a big challenge or do something that people failed to do, you will find that everyone will not support your vision. But, don’t take it personally. You waste energy when you focus on what others think about you.

- **Dedication** — It’s part of your make-up. It’s part of the way you do things. Remember that all successful people have been dedicated to what they are doing. So should you. Write it down and look at it every day.

- **Focus** — It’s a focal point that you aim for. For example, the object in target shooting is to aim for the center. The same standard applies for success. Successful people call these centers their goals.

- **Skill** — It’s the right combination of skill sets in order to be great. In order to be successful in whatever you have chosen as your path to make a difference in the world, you have to master the skills necessary to stay on top.

Choose to Be Awesome

How many people in your life have set the bar high? Have set an example for you? Why not be the one that sets the example for others? If you are looking for the magic bullet to improve your life, your career, and your relationships you gotta do what it takes. To achieve your goals you need to gravitate toward successful people with a positive attitude. When the mentors, coworkers, and friends you associate with have a positive attitude, it rubs off on you. It makes you want to work harder, to become as successful as they are.

Nothing Just Happens

Innovative, risk-taking people make things happen! Every great accomplishment either in business or in life came as a result of someone making a decision and executing what they wanted.

You Are a “Brand”

Write down all your positive attributes. Ask parents, ask siblings, ask friends what they like most about
That’s you, that’s "Brand You." Now, just act like it and dress like it. Be confident and behave as if you are a savvy person. That doesn’t mean you need to be a phony or just fit in; instead, behave in a way that leads to success.

There is an opportunity available to you, a chance to significantly change your life for the better.
